RUBBER ROOFING

Rubber roofing is 1 sheet of black EPDM rubber which is laid on your roof instead of felt. Rubber roofing comes with an extended 20-year guarantee against any leaks.

- **Starts at £300 for a 12 x 10 and below. Every foot afterwards is an additional £40. For example, a 20 x 10 rubber roof is £620**

BREATHABLE MEMBRANE

Breathable-membrane is a white sheet material that is layered on the internal walls of your building, this adds extra protection against any water ingress and is a good choice if you're thinking about insulating your building or adding electrics.

- **Starts at £120 for an 8 x 8 and is an additional £20 for every foot afterwards. For example breathable membrane for a 16 x 10 building is an extra £320.**

**Adding up those figures should
give you your total price.**

Example below

Step 1. Size 20 x 10 = £3720

Step 2. Building style 'Summerhouse/Shed Combination' = + £150

Step 3. Roof style 'The pent roof' = + £0

**Step 4. Upgrades (extra height £310, UPVC double doors £1620 &
2 x UPVC long fixed windows £325 each) = £2580**

TOTAL PRICE added up = £6450 delivered & fitted.
